

Miguel Ferreira

Frontend Developer and UI Designer

I'm a tech enthusiast who thrives on creativity and loves diving into new projects with an open mind. My journey in tech has been all about exploring, learning, and making cool stuff along the way. I'm passionate about bringing ideas to life and always on the lookout for the next challenge or skill to master. Whether I'm working with a team or hacking away on my own, I'm all about pushing boundaries and growing with each experience.
